SELECTED RESEARCH AND SYSTEMS WORK

FIOS / CAD Phase 2

Evidence-governed platform connecting certified ingestion, measurement, System Response Force diagnosis, knowledge graphs, scenario analysis, and multi-agent briefings across a 10-country pilot design.

SRF research programme

Independent research on Ethiopian financial-system resilience, crisis preparedness, resolution architecture, capital markets, and institutional execution. Public discovery points include SSRN, Google Scholar, ResearchGate, and Academia.edu.

Enawuga Phygital Nexus

Rural-finance and digital-public-infrastructure model covering agent networks, G2P delivery, interoperable payments, productive activity, and offline-ready operations. Live demonstration: phygital-rural-agent-hub.vercel.app.

FSRR Ethiopia Pilot

Read-only evidence-first workspace for financial-system resilience assessment, with public briefing available at glum-surprised-charactercode--berhaneunity.replit.app/fsrr-briefing/.

VERIFICATION AND EVIDENCE BOUNDARY

The public source of truth distinguishes verified public facts, document-backed records, public projects, interpretations, forecasts, and proposed work. Certificates and credential links are listed in the public portfolio. Private source documents and sensitive identifiers are withheld. Ongoing research, demonstrations, and pilot-stage work should not be read as production authorization, independent endorsement, funding, or commercial outcomes.
